

MCAD DISCRIMINATION AND SEXUAL HARASSMENT TRAINING FOR MANAGERS AND SUPERVISORS

MANDATORY ONE DAY IN PERSON TRAINING

For the first half of this one-day training, we will complete “Employment Discrimination 101,” which covers the following topics: disparate treatment, harassment, disability accommodations, religious accommodations, and pregnancy accommodations. After learning the basics of anti-discrimination law, we will do a deep dive into techniques and tools for addressing sexual harassment. Topics include nuances in the sexual harassment legal standard, reviewing CPCS’s sexual harassment policies, the role of the “code of conduct,” and bystander intervention.
