58A Evidence Battles

Clients who are free and fighting get better case outcomes than those caged pretrial. This webinar will focus on strategies to block or admit evidence as we stand against the government assaults on liberty in 58A detention hearings.

Turning Video into Advocacy: Impeachment with Media Evidence

This training will provide practical strategies for using body-worn camera footage, cell phone video, and other media to impeach witnesses at trial. Participants will learn both the legal foundations of impeachment and the technical skills needed to prepare effective video clips using common editing tools.

Defense Strategies for Managing Body Worn Camera Evidence

You received body camera footage in discovery, and the Commonwealth wants to put it in. Surely it comes in because it captures what happened??? At this webinar, learn about ways to get body camera footage excluded when it hurts your theory of defense and admitted when it helps your theory of defense.

Trial Tactics for 911-Based Prosecutions

MCLE Credits
Criminal Defense Trials: 1
Post Conviction : 1

When the Commonwealth moves for trial on nothing but a 911 call, your strategy matters. This one-hour session breaks down how to attack excited-utterance expose weaknesses in the recording and assert your client's confrontation rights when no live witness appears. Perfect for attorneys looking to sharpen their trial skills and push back effectively in 911-only prosecutions.

Taming the Mountain: Organizing Massive Discovery for Trial

MCLE Credits
CAFL: 1
Criminal Defense Trials: 1
Post Conviction : 1
SDP/SORB: 1

When discovery comes in mountains of documents, discs, and video, this training offers a clear path forward. Participants will learn how to index massive paper files, organize and share digital media, and build streamlined cloud-based binders that keep their cases trial-ready.
